Dear Amber,

I would like to submit my resume for the Vet Tech Assistant position at Pieper Olson.

As an employee at Pieper-Olson Veterinary Hospital I have come a long way from the day I was hired back in August 2017 to today. I have gained much experience being trained and working in the boarding department at Pieper Olson.

As you can see on my resume I have experience with the following:

- Caring for the animals being boarded
- Dealing with aggressive or scared animals
- Cleaning kennels and animal holding areas
- Noting unusual behavior or medical issues
- Providing owners with excellent customer service

I have enjoyed working at this facility and being a part of the Pieper-Olson family for the last year. I want to work in treatment because I believe I would be able to learn a lot, making the most out of my work experience. I feel I am a good fit for this position and that I would fit in nicely in treatment. I have grown a lot since I have started a year ago and would like to continue to grow with this company.

If you have any questions, please feel free to contact me.

Regards,

Edwin Chadsey
